HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Whistle-blowing.

Assistant Secretary Murray, of the Department of Commerce and Labor, in conjunction with the Board of Supervising Inspectors of Steam Vessels, now in annual session in Washington, yesterday gave consideration to the complaint filed with the department by Mrs. Isaac L. Rice, of New York, against the alleged unnecessary tooting of whistles in New York harbor. Mrs. Rice furnished a number of documents from superintendents of hospitals, captains of the larger steamers and the Department of Health of New York tending to show that there was a great amount of unnecesary whistling, particularly during the night. The complaint is directed mainly against the smaller steam craft, testimony being introduced to show that 90 per cent. of their whistling was unnecessary. In the informal discussion which followed, the consensus of opinion was that the United States government had no jurisdiction in the matter, but that it rather was a subject for the consideration of the State and local authorities. It is thought by many people that there is considerable unnecessary whistle-blowing in cities. Nearly every manufactory which is operated by steam sounds a whistle three times a day to call the operatives to labor or to call them off again.

Mangled by Bulldog.

Mrs. Mary Shope, wife of Robert Shope, of Richmond, was horribly mangled Saturday by a vicious bulldog, while she was visiting at the house of a neighbor, Mrs. Christopher. The dog attacked her little daughter, following the girl into the house. Mrs. Shope sprang to her daughter's assistance, and the dog jumped and caught the woman by the throat, throwing her to the floor. The dog then settled his fangs in the woman's thigh, shaking her and dragging her about the room, and tearing at her flesh. Mr. Christopher attempted fruitlessly to beat off the dog from the woman, who lay in a pool of blood, with the animal still pulling savagely at her. James Shope, son of the prostrate woman appeared at last with an iron bar, with which he struck the brute upon the head the dog dying with his teeth still embedded in the flesh of his victim. Mrs. Shope is in a critical condition. The child was not bitten severely. Virus Brown, an old negro, owned the dog. Brown says that the dog, which he kept confined, broke his chain. Neighbors, however, say that the animal was allowed usually to roam at large. Feeling is running high against Brown.

Japan Under Heavy Debt.

In the budget, which was introduced in the Japanese Parliament yesterday, the expenditures for the next fiscal year are estimated at $515,000,000, including $115,000,000 for ordinary administrative expenses. The ordinary receipts are estimated at $120,000,000. The deficit of over $395,000,000 will be met in part by the war taxes and by the sales of surplus materials, leaving a balance of $215,000,000 to be liquidated mainly by the proceeds of a loan. Of this balance $75,000,000, which is to be devoted to the payment of rewards, will be paid in bonds. The government also expects to receive about $40,000,000 from other sources, principally from the Russian government in payment of the cost of maintaining Russian prisoners of war in Japan. The loan to be floated will approximate about $100,000,000. The estimates do not include the expenses to be incurred in the development of Korea and Manchuria.

Women Attacked in St. Louis.

Seven women, one fifty-seven years of age, and all of whom are employed in St. Louis in various capacities, were victims Monday night of "Jack the Cutter," who stabbed each with a sharp, apparently double-edged knife. The assaults all occurred on crowded streets. Six of the victims were stabbed in their legs, the seventh in the shoulder. The police are completely puzzled and have formed the theory that an insane man is prowling the streets armed with a stiletto, slashing victims at pleasure, but always selecting women. None of the victims of his work is seriously injured

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and affected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1.00, guaranteed. Trial bott'e free.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Cathartics gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by W. WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular periods, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"For nine years I dragged through a miserable existence, suffering with inflammation and female weakness and worn out with pain and weariness. I one day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacements, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING. JAN. 24, 1906.

OPPOSITION is very naturally developing to the scheme of Commissioner Koiner, of Virginia, who proposes to bring pauper labor from the slums of London to work on Virginia farms. Those from the slums of any great city, and of London especially, are not likely to supply the grade of persistent energy that is needed for farm work. That type of citizen popularly known in the rural sections as the "hobo" constitutes a large percentage of the able-bodied population of the city slums; and the farmers should have learned long ago that the hobo is not looking for work. On the contrary, he is hunting for food, lodging and sleep along the line of least resistance. There should, however, be some practicable method of turning a desirable class of immigration to Virginia and the southern farms. This type of immigrant must be sought, however, in the rural sections of Europe, and not in the cities and towns. The town-bred man and woman, when they do take to farm life, generally enter upon it with an entire misapprehension of circumstances, conditions and surroundings. The isolation is apt to soon pall upon them. It is only the farm bred that can be depended upon, as a general rule, to meet the exactions of farm work unflinchingly to the year's ends. These know beforehand the aroma of the barnyard and understand that the sun shines hot in the harvest field.

A FAVORABLE report has been made by a legislative committee on a resolution for a joint committee to inquire into the expediency of erecting a State printing plant. This is to be regretted and it is hoped the Legislature will kill the proposition whenever it comes up in either house. We are informed that the State printing costs but little over $20,000 a year; that the work is divided among the Richmond offices and that the price paid is fair. The proposition now is to pay $50,000 for a plant to start with; then, of course, there would be a superintendent, assistants, clerks, &c., the salaries of whom would amount to a considerable sum. This would be an unnecessary expense and of course would make the cost of the State's printing much more than it is now. As heretofore stated in these columns, the government printing office in Washington should be a warning to all States against establishing State printeries.

IN DISCUSSING the recent collapse of the roof of the Charing Cross Station in London, T. G. Jackson, the eminent British schitect, says that no architect who wishes a building to live will use iron or steel except in such minor matters as ties, bolts or plates to stiffen timbers or girders. He holds that iron construction is still on trial, and that the life of an iron structure exposed to the weather depends absolutely upon the thin skin of paint, which must be constantly renewed, and that there are necessarily many parts beyond the reach of the paint brush. And this comes just at the time when a majority of builders insist that iron and steel are the safest and most durable materials to use in the construction of houses. Who is to be believed?

EX-MAYOR George L. Simpson was last night elected a member of the Board of Aldermen from the Third ward to fill the vacancy caused by the resignation of Mr. S. P. Fisher, who succeeded Mr. G. L. Boothe as Corporation Attorney on the 1st instant. Mr. Simpson has at different times since early manhood been a representative citizen, having nearly two score years ago been a member of the Common Council, afterwards a Delegate to the Legislature and during late years Mayor of the city. He was chosen last night without opposition, and his friends may rest assured that he will manifest the same interest in his duties as an Alderman that he has in the other positions he has filled.

THE REPORTS of Marcus Braun, the American immigrant inspector, who has visited several European countries disguised as an emigrant, were sent to Congress by Secretary Metcalf, last week, in response to a resolution. His report states that America is being made a dumping ground for undesirable immigrants through the concerted action of certain European governments and steamship companies. If these undesirable immigrants were excluded and thrifty Chinese laborers admitted in their places, the farmer would have no more reason to complain of want of help and the waste places throughout the South would be made to bring forth grain and fruit in abundance.

CONGRESSMAN GROSVENOR, of Ohio, has so hard a fight on hand for renomination that a petition to his constituents in his behalf is now in circulation among his colleagues of the House. He is one of the rankest partisans, a "stand-patter" of the extremest type and a persistent advocate of steamship subsidies, and it is hoped that his constituents will see fit to retire him at the first opportunity.

SEVENTY-SEVEN business firms were reported in Richmond yesterday for violating the ordinance against obstructing the sidewalks. In Alexandria the sidewalk obstruction ordinance is a dead letter, though it is on the statute books all right.

AGAIN the party whip today brought the republicans in the House back into the traces.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Jan. 24.

The State Department is awaiting a formal notification from France that a blocade has been established on the Venezuelan coast. For the past week Ambassador Jusserand and Secretary Root have had almost daily conferences. Each has maintained the most circumspect reticence as to conclusions reached, but it is known that the French representative has received such a declaration as the attitude of the United States in case of French retaliatory measures against Castro, that Mr. Jusserand has been able to wire his government that she will enjoy a free hand so long as the unextended rule of the Monroe doctine is observed. This means that France may go as she likes short of permanent occupation of Venezuelan territory. An eminent authority on international law expressed the opinion today that while question might attach to France's right to suspend the collection of customs with consequential temporary injury to the existing liens of Germany, Great Britain and Italy, her going ahead and committing this injury would hardly justify those countries in insisting that France desist from the blockade. Should the blockade be maintained for a protracted period, without hope of coercing Castro by that means alone, then Great Britain, Germany and Italy would be heard to remonstrate against the continuation of an undertaking hopeless of success, but directly damaging to their interests.

The essential features of the minority report of the board of consulting engineers of the Panama Canal, which is the one favored by Chief Engineer Stevens and which will probably be adopted, were made public today. It provides for a lock canal at an elevation of 85 feet, with a flight of three locks on the Colon side and two on the Panama side. The cost is estimated at $147,000,000, and the time necessary for its completion at seven and a half years. Loss by Flood.

Disaster to a Steamer.

A dispatch from Victoria, B. C., says that the steamer Valencia, the San Francisco-Puget Sound liner, which was en route from San Francisco with ninety-four passengers and a crew of sixty, went ashore about ten miles east of Cape Beale at midnight Monday night, during a thick fog. About fifteen persons were drowned while attempting to leave the ship. The steamer is on the rocks against a high cliff, and is likely to go to pieces at any time.

One boat's crew reached Cape Beale at 3 o'clock yesterday afternoon, and nine men got ashore near the telegraph hut, about fifteen miles from the lighthouse. Two men are prisoners on the face of the cliff, near which the steamer went ashore, and cannot get up the cliff or return to the wreck. The sea will probably reach them when the tide is high.

The men report terrible scenes. One woman dropped her child into the sea when trying to hand it to her husband, who was in one of the boats. When the boat's crew left there was a little boy running about the dock, crying for his mother, who was among the drowned.

There are still about 125 persons on the wreck, with almost certain death staring them in the face. The steamer Queen which arrived at Victoria at 4 o'clock yesterday afternoon from San Francisco, landed her passengers and left at once for the scene of the wreck. The steamer Queen left at midnight and should reach the scene of the wreck in a few hours. Urgent messages are being received for assistance.

A dispatch from Carmania, received at 7 o'clock p. m. yesterday, says a ship's boat with several people passed there at 1 p. m. yesterday.

Victoria, B. C., Jan. 24.—Early this morning a message was received from Cape Beale near which point the illfated steamer Valencia lies on the rocks off Vancouver Island a hopeless wreck, that the southerly gale has increased in force and there is little hope that any of the 100 persons supposed to be still on board the vessel can be saved: The steamer is fast going to pieces under the terrible pounding of the great seas. The steamer Queen and wrecking steamer Salvor both are at the scene making every effort to save the people on board. Up to 3 o'clock this morning only fifteen of 150 persons on board when the steamer struck are known to have escaped.

The officers believed they were in the neighborhood of the lightship Umatilla when the vessel struck. Soundings shortly before the disaster disclosed thirty fathoms of water. There was consternation aboard when the officers and passengers heard the heavy grinding of the vessel's bow as it plunged upon the rocks. Being under slow steam, the ship did not go far at once; hence it was able to back off, although not without difficulty. It was then the worst fears of the extent of the accident were realized. Men went below, came back and reported the vessel filling fast. So rapidly did the Valencia take water, the engineers and firemen were driven from their posts. The only chance for life was to run the ship ashore. There was no time to choose a place of landing, so the captain drove his ship head on against the rocks and forced the prow within thirty yards of the high cliffs against which mountainous waves were pounding with the roar of artillery. The vessel struck with great force and then settled until the main deck was awash. The panic-stricken passengers huddled on the hurricane deck. Just before daylight the vessel began to break and it was decided to lower the boats. Two boats filled with women and children which were first lowered were smashed alongside and all occupants drowned. With these women and children also perished men who had volunteered to pull the boats to shore. During this time the ships lights were all out and the surviving passengers and crew were huddled forward on the saloon decks. In all seven boats and two liferafts were lowered and two only have been heard from. One reached Cape Beale light house and the other landed further up the beach. The survivors of the Valencia relate a tale of painful incidents which occurred before the boats started from the Valencia to the shore.

Senator Martin was unable to be present because of sickness, but he is expected to come later and make his acknowledgments to the legislature. He received 84 votes in the House and 32 in the Senate.

Discontent in Reichstag.

Berlin, Jan. 24.—There is a strong and growing sentiment among the leading parties in the Reichstag against the overbearing attitude which the government has adopted toward the National Legislature. The deputies declare that the government is becoming more absolute all the time and is treating the elected representatives of the nation with open contempt. SENATE

The Senate chamber today again rang with a spirited defense of the administration's foreign policy. Additional significance was given to the debate beause the champion was Mr. Lodge, a member of the Senate committee on foreign relations, and the close personal friend of President Roosevelt.

He took occasion incidentally to again nail to the cross the report that President Roosevelt might stand for another term, and said he deplored the temporary occupation of territory on this hemisphere by any foreign government, and the holding of custom houses.

Mr. Bacon pressed him as to his attitude upon the existing Venezuelan situation.

Mr. Lodge declared that he believed the differences would be adjusted by negotiation.

HOUSE.

All was excitement early in the House today. The galleries were crowded with spectators, looking forward with excitement to the scheduled fight between the statehood and anti-statehood forces. Prominent among the visitors were Mrs. Roosevelt and Miss Alice. Four policemen preceded them as they made their way to the executive gallery. Although the forces were lined up for the fray last night, the canvass of members on both sides continued until well after the opening of the session, at noon. The republican whip, Watson, of Indiana, and the democratic whip, Lloyd, of Missouri, were in evidence up to the last moment. Both regarded the situation gravely. Both said it was close. Both claimed victory. The stalwarts were more positive than the insurgents. The figures, as given out, were against them, but they pointed to one hopeful factor. "At the very last moment," they argued, "reasoning on the gravity of the situation some of the insurgents will weaken—enough of them to give the House organization the victory and to assure the passage for the bill which gives statehood to Oklahoma and Indian Territory as one State, and Arizona and New Mexico as another.

The fight was opened immediately after the reading of the journal, at 12:05. There were some absentees on both sides, but the attendance was large. There was a hum of excitement as Representative Dalzell arose, "to submit the following privileged report."

The privileged report consisted of the rule, previously agreed upon by the House committee on rules, accompanying the statehood bill.

It provided that debate on the bill shall continue until Thursday at 3 p. m. At that time it was to be reported to the House, "whereupon, immediately, without debate, intervening motion or appeal, a vote shall be taken on the bill to a final passage."

An agreement was speedily reached between Mr. Dalzell and Mr. Williams of Mississippi, the democratic floor leader, that debate shall continue for an hour and a half, each of the two gentlemen to control one-half of the time. In accordance with this agreement, a vote on the rule will be reached at 1:35.

Mr. Dalzell briefly explained the purpose of the rule reserving the remainder of his time.

Mr. Williams spoke briefly, outlining the opposition to the statehood bill, which is confined to the admission of Arizona and New Mexico. He advised the members to vote down the previous question at the end of the hour and a half's debate, so that the House might amend the rule by eliminating every provision looking to a restriction of debate or the right of amendment. Then, he said, the bill could be so amended as to provide for the admission of Oklahoma and Indian Territory.

Mr. Mondell, of Wyoming, the spokesman of the republican insurgents, in a ten minutes speech, decried the effort to make the Hamilton statehood bill a party measure. "No measure can be made a party measure," he said, "which does violence to the wishes and desires of the people of two great territories." He cautioned his republican colleagues against tying their hands so that they would not be "able to vote as their consciences dictate."

Mr. Grosvenor, replying to Mondell, taunted the latter with his change of front on the rule, Mondell having supported a similar rule when the statehood bill was up in April, 1904.

"The light that St. Paul saw on his way to Damascus," he shouted amid laughter, "wasn't a circumstance as compared with the blaze of light seen by the gentleman from Wyoming."

"But the world was benefited by the light St. Paul saw," interjected Mr. Mondell.

"But not by the light seen by the gentleman from Wyoming," retorted Mr. Grosvenor.

He declared that the statehood bill is a party measure, and defended President Roosevelt against the charge that he was endeavoring to dictate.

"The House has been a leader in this question," he declared, "the President a follower."

"I'd just as lief disregard the red light on a railroad train," said Mr. Grosvenor, "as to disregard the danger that lies in supporting a rule endorsed by a unanimous minority."

"Did you not," interrupted Mr. Mondell, referring to the Philippine measure, "vote with the minority in support of a certain measure?"

"No," came the retort, with pistol shot effect, "the solid minority voted with me."

He denied that that measure would have failed but for democrats support. He admitted that he had once voted for single statehood for Arizona and New Mexico, but declared that it was his boast that he was never consistent for more than two years at a time.

Representative Williams, of Mississippi, protested against making the question of the permanent welfare of two great territories a party question. "All that we want on this side," he said, "is to take the legislation of the House out of the committee on rules, and put it where it belongs, into the House itself."

Representative Adams, of Wisconsin, one of the republican insurgents, admitted that he was one of those to whom General Grosvenor had referred, as "lost sheep." He voted for the rule two years ago, but he would not vote for it now, "because it is an unanimous republican rule, coupling two propositions, one good, and the other bad, and compelling republicans to vote for both under the party lash."

Mr. Payne, the republican floor leader, took the ground that the statehood bill was a party measure.

"If the democrats could ever gain control," he said, "they would admit the four territories as four States. New York only has two Senators, with her eight million population," he said, "why give Arizona two with her 100,000 people?"

J. Adam Bede, of Minnesota, republican insurgent, took that remark as his text. "The gentleman from New York speaks of the two Senators from New York," he shouted. "Most of us are trying to forget them."

A terrific shout of laughter was checked by the sharp raps from the Speaker's gavel.

Delegate Smith, of Arizona, protested in the name of the territory he represented. He charged Mr. Tawney with having dealt his cause a cruel blow in the guise of a friend.

De Armond spoke briefly. "In the name of American manhood, and American womanhood, do not perpetrate this outrage," he concluded.

Mr. Dalzell closed for the "stalwarts." He demanded that the republicans stand by their party.

At the conclusion of his remarks at 1:45 he demanded the previous question, with a yea and nay vote. The roll call was immediately begun.

The roll call was made amidst intense silence. It was the test vote of the day, the one upon which the success or failure of the insurrection hung. The result was announced at 2:10. The insurrection had failed. The organization of the House had triumphed. The demand for the previous question was sustained by a vote of 192 to 165.

Fined Fifty Dollars.

Among the cases before Justice Caton in the Police Court this morning was that of a young man named Stephen Davis, who was charged with cruelly assaulting his wife, Fannie Davis, in the Braddock House. The woman's right eye had been seriously injured by her husband's first. The complainant gave a history of the assault, and said she lived in fear of bodily harm from the accused, as he had threatened her in case she lodged complaint against him. She also averred that she was the victim of much cruel treatment at the hands of her husband, who often pulled all the covering from the bed and subjected her to other indignities. Davis in his statement said he slapped his wife and that she fell against a bed, which accounted for her black and swollen eye. Justice Caton said he regretted the fact that there was no law in Virginia under which such characters as Davis could be sent to the whipping post, as that was the proper punishment for them, and it would afford him pleasure to impose such a sentence upon the prisoner. He would, however, give him the full benefit of the law by fining him $50, and should he fail to pay the assessment he will pass the next three months breaking stone on the chain gang. Officers Roberts, Young and Mayhugh had to surround the house in order to capture Davis.

To Cut Down Force.

A refusal by the committee on appropriations of the House of Representatives to include in the urgent deficiency bill, now pending in the House, an allowance of $1,000,000 for the use of the Bureau of Steam Engineering yesterday caused Admiral Rae, chief of that bureau, to announce that 44 per cent. of the employes of his bureau, at all navy yards, will have to be discharged or suspended. The order, prepared yesterday will go into effect immediately, and will affect every navy yard in the country. Capt. E. H. C. Leutze, commandant of the Washington navy yard, said last night that he had not been apprised of the new order and could not tell how it would affect his force. There are 4,600 men employed in that yard, a number of whom are Alexandrians.

The bureau chiefs are directed to confer so as to determine the extent of the reduction necessary. The order says: "Only the interest of the government as indicated primarily by the records of the different employes shall be considered in determining which of the latter shall be retained. Neither the department nor any of its bureaus can give weight to considerations of any other character."

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

George Churshew, arrested by Special Officer Cornell charged with trespassing upon the property of the Southern Railway Company, was dismissed.

Stephen Davis, arrested by Officers Roberts, Young and Mayhugh charged with assaulting and beating Fannie Davis, was fined $50 or given 90 days on the chain gang.

John Thomas, colored, arrested by Officer Sherwood charged with vagrancy, was dismissed.

William Brooks and Lewis Baltimore, both colored, arrested by Officers Knight and Arrington as suspicious characters, was sent to jail for 30 days.

John Payne, colored, arrested by Officer Ferguson as a suspicious character, was sent to jail for thirty days.

Thomas Williams, colored, arrested by the same officer on a similar charge, was dismissed.

D. A. R.

A largely attended meeting of Mt. Vernon Chapter, D. A. R., was held at the residence of Mrs. Kate Waller Barrett yesterday afternoon. Business of much importance was transacted and the committee on the entertainment given at the Opera House last week for the Virginia column in Continental Hall, reported a very handsome sum realized. Mrs. Kate Waller Barrett was elected delegate to the Continental Congress to be held in Washington in April, with the following as alternates: Mrs. John H. Foster, Miss Carrie Wise, Mrs. W. B. Smoot, Mrs. Robert Reese, Miss Susan Hetzel, Mrs. C. E. Brown, Mrs. Wm. Wattles, Mrs. Mary G. Powell, Mrs. George Calvert and Mrs. S. L. Monroe. After the meeting the chapter adjourned to the dining room where they were most delightfully entertained by their hostess, assisted by a number of charming young ladies.

The Twenty-second.

Mr. J. Y. Williams, secretary of the Washington Birthday Celebration Association, has received a letter from Col. Winter, of the Minute Men, of Washington, regretting that his command cannot take part in the celebration to be held in this city on the Twenty-second of February, for the reason that a celebration will be held in Washington on that day in which his command will take part. It will be regretted that Washington at this late date, has decided to have a parade on Washington's birthday. Alexandria had made the first move in this direction and this city certainly is the proper place for such a celebration. However, should Washington also celebrate the day by a parade, the only effect it could have on Alexandria, would be to keep some of the Washington military companies at home. The government troops will be here as at first arranged.

"Country Work Social."

The entertainment given by Perseverance Tent, No. 1098, of Rechabites, at Odd Fellows' Hall last night, was a successful and an enjoyable affair. About 400 persons were present. The entertainment was in the nature of a "Country Work Social." A number of those in attendance came from Washington.

Personal.

Mrs. C. H. Smither, of Alexandria, who has been the guest of Mrs. S. W. Sterling on Jefferson street, returned home last evening.—[Charlottesville Progress.

Mr. W. A. Haddox, of Rappahannock county, is in the city on a visit to friends.

Miss Mary Bolling, of Albemarle county, is visiting her aunt, Miss Sarah Stuart, on King street.

Miss Byrdie G. Fitzhugh, of Pulaski, is visiting her cousin, Mr. J. R. Caton, on north Columbus street.

Mrs. Dennis Butterman is quite sick at her home on north Patrick street.

Mrs. Anna Slaymaker, who has been quite sick for some time, is improving.

Mr. K Kemper, who has been quite sick for the past few days, is thought to be better today.

A Denial from Mr. Hill.

In reference to the statement published in the Gazette on Monday to the effect that the largest pool room south of New York is to be opened at Harper's Ferry, Mr. J. M. Hill, whose name was mentioned in connection with the enterprise, says it is all news to him and that he is in no wise connected with it. He says that several months since he heard that it was proposed to open a big pool room at Harper's Ferry, but he then declined to have anything to do with it and has heard nothing of the plan since. The account published in the Gazette was taken from a Winchester paper which is evidently in error.

Resigned.

Because he would have to be subordinate in some respects to W. H. Jennings, a Richmond negro, who was appointed to a clerical capacity in the Portsmouth navy yard a few years ago, Mr. Monroe Nash, a young white man, has placed his resignation in the hands of Commander Albert Willits, United States navy, Chief of the Department of Steam Engineering in the Porsmouth navy yard. Mr. Nash has secured employment in the office of the auditor of disbursements of the Seaboard Air Line Railway in this city. Mr. Nash is from this city.

Passing of Warm Wave.

The summer temperature which had for several days prevailed in this section and other portions of the country was superseded last night by a cold wave. Heavy rains preceded the change, accompanied by northwest winds. January, 1906, has become historical from the fact that during this month people have had the singular experience of sighing for a cool wave in mid-winter. The mercury in the thermometer at 7 o'clock this morning stood at 39°.

A Correction.

It was erroneously stated in the Gazette yesterday that Mr. Lewis Hart, night engineer at the Portner Brewery, fell in a "fit" Monday night and broke one of his arms. The reporter used the word "pit," but by the uncertainties of type "fit" appeared in the paper. Mr. Hart, it seems, stumbled over some pipe in a dark passageway while engaged in making his hourly inspection of the building which caused him to fall and break a small bone in his arm.

Flags at Half-mast.

Flags on the steamers and steamboat offices floated at halfmast yesterday through respect to the memory of John P. Crowley who died Monday afternoon at Garfield Hospital in Washington. The deceased for many years was treasurer of the Washington and Alexandria Ferry Company, and when the company sold its river boats about four years ago he took a similiar position with the Mount Vernon and Marshall Hall Steamboat Company.

City Council.

The session of the City Council last night was brief and the volume of business transacted comparatively small.

BOARD OF ALDERMEN.

All the members of the Board of Aldermen were present.

There was no discussion in connection with the business transacted.

Mr. W. H. Sweeney introduced a resolution, which was adopted, offering a reward of $250 for the apprehension and conviction of the murderer or murderers of George R. Curtin, which occurred last December.

After the transaction of some routine business Mr. Curtin moved that the board proceed to the election of an Alderman from the Third ward to fill the vacancy caused by the resignation of Mr. S. P. Fisher.

Mr. W. H. Sweeney seconded the motion and it was decided to go into an election.

Mr. Curtin nominated ex-Mayor George L. Simpson.

Mr. Hill seconded the motion.

The vote stood as follows: For Mr. Simpson, Messrs. Hill, Burke, Marbury, Curtin, W. H. Sweeney and Mr. President—6. Not voting, Mr. Ballenger—1.

Mr. Simpson was accordingly declared elected.

The Aldermen, after concurring with the action of the Common Council on all the papers sent in, adjourned.

COMMON COUNCIL.

The board was called to order with a small attendance at 8 o'clock.

None of the committees was ready to make a report.

The Alexandria Fertilizer and Chemical Company asked that Union street, between Queen and Oronoco, and other streets in the same neighborhood be paved, &c.; referred.

A resolution for the paving with vitrified bricks of King street, from Fayette to the corporation line, and of Lee from King to Prince street; referred.

A resolution offered by the chairman to ascertain the cost of opening, grading and curbing the streets in the northwestern section of the city was referred.

An order was introduced for the appropriation of $1200 to construct a sewer on Columbus street from the sewer at Wilkes street to Duke street; referred.

An order for the appropriation of $525 to put in outside closets and to make other improvements at the Columbia engine house, was also referred.

Mr. Spinks introduced a resolution that the street committee report the cost of repaving and grading Henry street, between Wolfe and Gibbon streets; referred.

The Fire Wardens asked Council to try and secure the services of the Bell Telephone Company to keep the telephones at the engine houses in order; referred.

Messrs. Machen & Moncure, attorneys, set forth on behalf of Stewart Simpson that a sewer pipe on Alfred street between Wilkes and Gibbon had broken because insufficiently constructed, and injured the property of their client, but that he was willing to accept $800 from the city as compensation. The application was referred.

The finance committee reported an appropriation of $200 in aid of the George Washington Birthday Association, provided that sum included the decoration of the city building.

Mr. Hellmuth said that a decorator from another city had waited on him and charged $40 for this decoration. He thought it would be cheaper for the city to buy its own flags.

Mr. Williams said that matter could be left to the Birthday Association and the appropriation was unanimously agreed to.

Council concurred with the Aldermen on the petition of W. H. May, S. H. Lunt and others in regard to a nuisance in an alley near St. Asaph and Cameron streets.

Mr. Bryan introduced an order appropriating $100 to be used by the Mayor and Commonwealth's Attorney in securing the apprehension and conviction of the murderer or murderers of George Curtin. Mr. Bryan explained that the officers were without money to carry on the search for the murderers and needed this sum.

Mr. Burke asked if $100 would be sufficient.

Mr. Bryan replied that this sum was not intended as a reward, but was to be used in facilitating the search by detectives, &c.

Mr. Strauss said that when John B. Smoot was Mayor a murder occurred and the Mayor offered a reward of $500, saying that if need be he would pay the money out of his own pocket, but Council assumed the obligation. He moved that this appropriation be increased to $200.

Mr. Bryan said that the Commonwealth's Attorney thought $100 would be enough for the present.

Mr. Strauss—"Oh, if he thinks so, all right."

The order was unanimously agreed to.

Council then took a recess to await the Board of Aldermen.

Alderman Sweeney brought into Council an Aldermen's resolution appropriating $250 as a reward for the apprehension and conviction of the Curtin murderer.

Mr. Bryan opposed concurrence saying that the Commonwealth's Attorney had told him that he did not wish a reward published.

The Chair asked Mr. Sweeney if the Aldermen had agreed to the Council's appropriation of $100 for the same object.

Alderman Sweeney responded in the affirmative.

The action of the Aldermen was then non concurred in.

Alderman Sweeney having notified Council that his Board was ready to adjourn, a motion to adjourn was made and agreed to.

After the meeting of Council Mayor Pafi said that, while he appreciated the spirit which animated Aldermen in passing a resolution appropriating $250 as a reward for the apprehension of the murderers of Curtin, he had conferred with State's Attorney Brent on the subject, and they were thoroughly in accord in the opinion that a reward should not be offered. Mayor Pafi added that the passage of the resolution by both branches of council would have seriously interfered with the line of investigation which has been adopted.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. In a word, Ely's Cream Balm is a real cure, not a delusion. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.
